Who we are

Alsico High Tech is a global supplier of garments for cleanrooms, clean areas, ESD environments and operating theatres.

We develop, produce and supply high quality garments to rental companies, end-users and specialised distributors.

We are part of the Alsico group, a specialist in workwear with more than 80 years' experience. Alsico High Tech started as a division of Alsico Belgium in 1990 but became a separate company in 2010. This was essential to concentrate 100% on its core business: creating and producing cleanroom garments.

As a three decade long market leader in the cleanroom industry, we at Alsico High Tech noticed that there is a strong demand for a clear and complete cleanroom /clean area garment range.

Thanks to our close collaboration with end customers and rental companies we were able to create our own complete collection, be.clean.

In our be.clean collection you will find the required garments suitable for working in a controlled environment.

Our complete collection

cleanroom overgarments & clean area undergarments

- / according to IEST-RP-CC003.4 standard
- / approved durability
- / high protection
- / high comfort

(please contact us when Gamma-, Beta-, X-ray
or ETO sterilisation is needed)

A photograph of two individuals wearing full-body blue cleanroom overgarments. The person on the left is wearing a hooded suit with a white face mask. The person on the right is wearing a white hairnet, a white face mask, and blue gloves. They are standing against a teal background. The text 'Cleanroom Overgarments' is overlaid in large, semi-transparent white letters at the bottom of the image.
